THE BERENSTAIN BEARS IN BIGPAW'S CAVE™

THE BERENSTAIN BEARS™ loved and recognized by children nationwide for their series of best selling childrens books and national television specials, are the first licensed characters to join the MOPPET VIDEO™ line-up of games.

THE BERENSTAIN BEARS IN BIGPAW'S CAVE™ is an exciting game in which the player controls the movements of the Berenstain Bear Cub as he negotiates a treacherous path inside Bigpaw's cave. The huge and nasty Bigpaw has stolen the bear's honey and taken it into the depths of his spooky cave. The little cub must avoid bumping into hanging stalactites, jutting stalagmites and flying bats, and retrieve the honey without waking Bigpaw who has fallen asleep while guarding his treasure. As with all MOPPET VIDEO™ games, the beginning levels of BIGPAW'S CAVE™ are very simple to accommodate the youngest players, and yet are competitive enough in the later levels for the 8, 9, and even 10 year old players to enjoy.
